Dear.....

This is just a letter to ask if you require a display space at convention 2023 at Millmerran.

29th September to 1st Oct.2023

Area will be approx. 3mts x 3mts, power will be available to some sites if required.

Area will be fully lockable so items will be safe if not attended.

Display area will be separate for main convention area but a sound system will be operating that will allow those in the display area to hear what is going on in convention.

If you could please indicate your requirements as soon as possible it would be much appreciated

Maryann Bisdee
